Subject: (Status of Technical Action Request number
15 for contract WFC-148-UNV)

Dear [redacted]

25X1

A recent review of the TAR's submitted under this contract has called to my attention the fact that Technical Action Request number 15, which was submitted on July 21, 1953, and returned to us on August 28, 1953, is still pending. Upon reviewing this TAR with our Engineering department, I find that the changes for which approval was requested by this request, were re-submitted and approved subsequently on TAR number 19.

In view of these facts we will officially cancel this TAR number 15 and will not re-assign this number again for any changes being requested for equipments under this contract. It was felt that this letter of clarification would preserve the continuity of numbers now being assigned consecutively to the TAR's under this contract.

Very truly yours,
